# THINK POSITIVE

## MAKING ART MAKES YOU FEEL GOOD

Creating art can help you bring out positive feelings—  
whether it's doodling, drawing, painting, writing, or making music.  
Remember, only YOU can create your own art—nobody else  
can do it just like you. Try these activities to bring  
some sunshine to your day!

## THERE'S ONLY ONE YOU

Just think—everything you love, everything you do, everyone you know, makes you 100% UNIQUE. There's nobody in the world exactly like you!

## WHY NOT TRY...

Make a list of all the things you can do this year, that you couldn't do last year. It could be schoolwork, sports skills or tricks, new words you've learned, new food you've tried, new people you've met ... you might be surprised how much you've changed!

## ART FOR EVERY HEART

Art can move you, or move others. It can calm you or fire you up—it can help you work out who you are, or what you want to do. You've got a world of art inside you—so get it out there and show everyone!

### WHY NOT TRY...

Remember—all the ideas in this book are just jumping-off points for your own projects. So why not try mashing them up, swapping them around, or redoing ones you enjoy on spare paper. You could challenge a friend to do them with you. And whatever you do—put your heart into it!
